**RE: Revised Site Plan
Bursaw Gas & Oil
94 Great Road, Acton, Massachusetts (Map G4, Lot 122)**

Dear Mr. Tidman:

This letter transmits a revised site plan for the Notice of Intent (NOI) in support of an underground storage tank (UST) removal and replacement project at Bursaw Gas & Oil at 94 Great Road. An Order of Conditions was granted by the Conservation Commission on April 17, 2013.

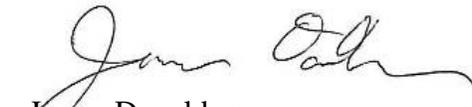

During subsequent planning, Bursaw Gas & Oil elected to install a concrete cover pad over the new UST installation. The pad will measure 57' by 27' x 8" thick and will provide additional parking for Bursaw Gas & Oil delivery vehicles. Following up on our telephone conversation from last week, please find attached the revised design plans showing the location and specifications for the proposed concrete pad

Wilcox & Barton, Inc. is pleased to have the opportunity to discuss this revision to the project at the Conservation Commission meeting on July 2, 2014.

Please contact me at (603) 369-4190 x505 if you have any questions or require additional information.

Very truly yours,

WILCOX & BARTON, INC.

James Donaldson
Project Scientist

Attachment: *Revised* Sheets C-1 and C-2
