**Subject:** 898 Main Street Special Permit Comments

Hi Frank,

I just wanted to touch base with you about the use special permit for 898 Main Street, Angel Performing Arts (Chinese Cultural Dance Studio). We spoke in your office a few weeks ago about the rated capacity for the space the proposed use is hoping to occupy and making sure the Building Department provided comments on this aspect of the proposed use because it directly relates to parking space requirements.

The hearing is next Monday and we would like to include in our memo all comments received by other Departments, specifically the Building Department's determination of rated capacity for the proposed space. We will need comments in by this Wednesday in order to speak to them in our staff report to the Selectmen, it doesn't have to be long it could be a short email.

Thank you, much appreciated!  
Kristen
