Subject: RE: Review of an application for approval of Preliminary Plan - 456 Massachusetts Avenue - Comments

Hello Kim,

I have a few questions, I apologize if they are on the plan and I did not see them.

Total length and width of the proposed common driveway?

Distance to turn around from Mass Ave?

Location of and distance of the nearest hydrant to the furthest away structure?

Radius of the entrance both sides?

We have other 3 lot common driveways in town that have been required to install a hydrant. I am considering the same for this one.

Respectfully,

Robert Hart
Deputy Fire Chief
