To: The Selectman Liaison for the Volunteer Coordinating Committee

Subj: VCC Recommendation of Jean Lane for the VCC

Jean Lane has submitted a Volunteer Application to serve on a Town Committee and has indicated that she would welcome an appointment to serve on the VCC.

Jean has lived in Acton for 40 years. She is a retired Medical Technologist with a BS in Chemistry and has had Clinical Lab training. She is currently a Board member of the Friends of the Acton Nursing Service and also a Board member of the Acton Garden Club.

In the past, Jean has been a member of the VCC for many years. Her term expired last year and she left at that time to take a break and explore other opportunities. She is now ready to rejoin the VCC where she would be welcome.

Her current and past experience and her interviewing and interpersonal skills are broadly known and appreciated. They make her appearance before the VCC redundant and unnecessary. I therefore ask that she be allowed to bypass the VCC process and be directly considered by the Selectman Liaison for membership on the VCC.
