INTERDEPARTMENTAL COMMUNICATION

To: Board Of Appeals

Date: December 5, 2014

From: Engineering Department

Subject: 90 Martin Street – Proposed addition

We have reviewed the application for the addition to 90 Martin St and have the following comments:

1. The proposed addition does not appear to be on any recorded easements.
2. The home is not located within the 100-year floodplain area.
3. The proposed addition does not appear to require a street cut permit since no work will be done within the right-of-way.

If there are any additional questions or comments, please let us know.
