RE: Central Street Donation / Conservation Restriction

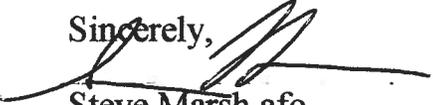

Dear Members of the Commission,

Regarding the above mentioned project, it is the intent of the owner to donate or place on the property a conservation restriction on the majority of the property.

This area consists of a major portion of the property, containing approximately nine plus acres +- to be protected from any future development.

In addition this area will be open to the public. This access is the gateway to many miles of trails that encompass the Heath Hen Conservation area with trails that connect into Stow.

Sincerely,

Steve Marsh afo
