He has represented clients in state, federal and appeals courts, as well as in, federal administrative proceedings. He is a member of the Massachusetts and federal bar.

MASS WELLSPRING, INC.

Mission and Vision

- Mass Wellspring is a group of professionals dedicated to providing the highest quality medicine, service and experience to registered medical marijuana patients. We are passionate citizens that strive to enhance the lives of our patients while changing the perception of marijuana as a viable, safe and effective medicine for an array of conditions. We will be active members of the community through social action and philanthropy.
- It is our vision to be recognized for our level of excellence in quality control of our products and services for patients with medical conditions.

Team Experience

- Healthcare- Medical, pharmaceutical and nursing experience providing a high standard of patient care.
- DEA License- Experience in administration, compounding and secured delivery of controlled substances for 18 years.
- Cultivation- Extensive, existing RMD and cultivation experience enabling high quality products and accurate time to market predictions. Short product lead times on all grow equipment due to existing relationships with manufacturers.
- Ph.D. Chemist with extensive experience in identifying, isolating, extracting and purifying chemical compounds.
- Security– Engineering level experience in designing, installing and servicing state of the art security systems for pharmacies and municipal buildings.
- Business Background- Long standing and extensive business, retail and start-up experience to ensure continual profitability and product availability.
- Non Profit Experience- Several team members with experience serving as board members on two non-profit organizations.
- Diversity- Mass Wellspring is managed by women with health care backgrounds who are dedicated towards providing professional, individual and empathetic care.
- Dispensary and Free Delivery Business Model- Our FREE delivery program to all registered patients throughout Massachusetts is unique among dispensary models. It provides enhanced patient choice and care by providing medicine to under-served areas.
- Our diverse experience makes us highly suited to support a viable and secured retail and delivery based dispensary.
