ARTICLE VEHICLE WHOLESALE AND STORAGE AS AN ACCESSORY USE

To see if the Town of Acton will vote to amend the zoning bylaw, section 3.8.2 (ACCESSORY USES permitted in the Office, Business, and Industrial Districts) by inserting a new sub-section 3.8.2.7 as follows:

- 3.8.2.7 In the Light Industrial District and on contiguous adjacent land for which the Board of Appeals has previously granted a USE variance permitting a USE allowed in the Light Industrial District, the purchase of new vehicles; the wholesale, but not retail sale, of used vehicles; and the temporary outdoor storage of such new and used vehicles provided that:
 - 3.8.2.7.1 The LOT, or the property consisting of two or more contiguous LOTS in single ownership, contains at least 15 acres.
 - 3.8.2.7.2 Such USE is accessory to an operations center and offices of a vehicle rental or leasing company.
 - 3.8.2.7.3 Such vehicles are at all times registered with the Commonwealth of Massachusetts Registry of Motor Vehicles while on the premises.
 - 3.8.2.7.4 No such vehicle exceeds a gross vehicle weight of 10,000 pounds and a wheel base of 135 inches.
 - 3.8.2.7.5 All such vehicles are stored in the rear yard out of sight and fully screened from view from any STREET.
 - 3.8.2.7.6 All such vehicles are stored at least 200 feet away and fully screened from view from any pre-existing dwelling that is not on the same LOT or property.
 - 3.8.2.7.7 The transport and loading/unloading of such vehicles to and from the LOT or property occurs only on weekdays between the hours of 6:00 AM and 9:00 PM.
 - 3.8.2.7.8 The storage of such vehicles may use vacant or excess parking capacity that, regardless of the requirements of section 6 of this bylaw, is not needed for employees and customers of the businesses on the LOT or property.

Or take any other action relative thereto.

Summary

This article affects the Light Industrial zoning district and some adjacent residential land off Main Street in South Acton that is subject to a Board of Appeals Use Variance allowing industrial and business uses on it. In those areas, the article would allow the incidental and temporary storage and the incidental wholesale of automobiles as part of the regional headquarters of a car rental and leasing company on the same property. The proposed limitations and requirements will ensure proper screening of the vehicle storage areas, limit the loading and unloading of vehicles to weekday daytime hours, and distinguish this from a car dealership by prohibiting retail sales.

For 2 1/2 years, Enterprise Rent-A-Car's Regional Headquarters has been based at 20 Main Street, Acton located in the Light Industrial zoning district. Recently, Enterprise has decided to consolidate their wholesale division with their main offices whose functions include Human Resources, Facility Management and Accounting. In doing so, Enterprise requires a facility which can accommodate the storage of up to 200 cars. This article proposes to provide this accommodation.

These cars represent those members of the Enterprise fleet which are being returned back to GM Motors, Ford, Chrysler and all other major manufacturers or are being sold to car dealerships where they will be re-sold to the public. Enterprise needs to be able to temporarily store them on site while the paperwork for their redistribution is being completed. These cars are only on the premises an average of 2-3 months of the year. Enterprise would have an average of 20 - 50 cars on the premises during most of the year.

Most of the cars being sent from Enterprises' local rental offices to their Headquarters for processing are driven by individual hired drivers and would not require the use of a truck for delivery to the offices at 20 Main Street.

Even though these cars are out at Enterprises' rental offices and are not located within the town of Acton for the majority of their shelf life, Enterprise has agreed to register at least enough of their retired fleet to bring in \$100,000 - \$150,000 in additional excise tax revenue to the Town of Acton each year. This number should increase over the next few years due to an increased average cost per car and the excise tax rate. Any expected increase in the excise tax revenue these cars would bring in would not be due to an increase in the number of cars stored, as the storage needs would remain at 200. There would be an average of 20 - 30 cars parked out in back of 20 Main Street most of the time and then usually only for several days until the paperwork is completed.
