Subject: Nagog Pond project & Mt Hope Cemetery

Greetings and thank you all for your service to the town.

Please do not approve Concord's water project at Nagog Pond.

I know there must be a good reason why this is even being debated, but based on the articles and letters in the Beacon, I cannot figure this out.

Is there some legal obligation to Concord that began in another time and that continues in perpetuity?

Just curious.

On another issue, I just went hiking on the trails around Mt Hope Cemetery for the first time this past week, and also find no good reason for allowing any further development adjacent to this beautiful parcel of nature. I do not know if you have any say in this one, but if you do, please know that there is another Acton citizen now against it.

Thanks again for your work. It is very much appreciated.

Sincerely,

Emily McDowell
