Hi Katie:

Placing it on the consent calendar is a great indication of your sense that this is a non-controversial item. I agree. We'll try to make sure one of us is there just in case questions arise. If any selectmen have questions now, we're happy to work up answers before the meeting date.  
-Jim

Hi Jim,

Thank you to you and the team for organizing Cleanup Day again this year! We will put approval on the consent agenda for our 2/22 meeting.

Best,

Katie Green

We have a team for the 2016 Cleanup Day. First step is setting a date and making sure we have the support of the town.

Could you please have this item on an upcoming Selectmen meeting, as a consent item or selectmen's business, whichever you think best?

As in previous years, we would be relying on town staff to bring trash dumpsters or trucks to our pickup/dropoff locations before the weekend, and take them away after the weekend.

By the time of your meeting, the cleanup day team should be clear on which sites we would like to use this year (last year we tried out using NARA - we need to evaluate if that makes sense for this year). We'll also seek permission from all the appropriate agencies, departments, and organizations for the use of the sites.

Thanks for all of your support for this event in previous years.

-Jim, for the Green Acton Cleanup Day team: Karen Sonner, Terry Lindgren, and Laurie Ullmann.
