Ok - thanks! Yeah, I think we should add appointing Warren as a full member to our next consent agenda and then Charlie can hopefully work with Doug to go through the VCC process. Thanks for helping sort this out!

Charlie -

I cannot find any documentation regarding Warren Richmond as a full member of the Historical Commission - only the appointment from 2014 as an Associate Member. If this needs to be updated, please advise.

Subject: Historical Commission Members

H Lisa,

I was chatting with Bill Klauer on Monday and he indicated that he had 2 concerns about the membership of the Historical Commission.

It was his understanding that Warren Richmond (who is listed on the Committee Master List as an Associate member) had been appointed as a full member of the Historical Commission and that Doug Herrick had submitted an application to volunteer on the Historical Commission but that it is lost in our system somewhere.

I have searched my records and have found no trace of either of these events. Do you have anything that would indicate that Warren Richmond has been appointed as a full member of the Historical Commission? Also, do you have any record that Doug Herrick has submitted an application? Let me know what you can find out and I will take it from there.

Many thanks,

Charlie A
