Re: DEP File No. 85-739
Lot 477A-2, Lincoln Drive

Members of the Commission,

On behalf of our client, Donell & Sons, Inc., we hereby request a Certificate of Compliance for the referenced file. Based upon as-built surveys conducted during construction and a final site inspection on October 31, 2002, it is our opinion that construction has occurred in substantial compliance with the plans of record and the Order of Conditions with the following noted deviations:

- The boulders required by Special Condition #1 are set at the haybale line.
- Grass was planted in the area where low growth dense vegetation is specified on the plan.

The site is well established with vegetation even on the erosion prone slopes. If you have any questions, please feel free to call.

Very truly yours,

Stamski & McNary, Inc.

Joseph March, P.E., P.L.S.
