***INTERDEPARTMENTAL COMMUNICATION***

**To: Conservation Commission**

**Date: 3/16/2016**

**From: Engineering Department**

**Subject: 127 Stow Street – Solar PV NOI – 3.16.16**

---

The Engineering Department has reviewed the above mentioned Notice Of Intent and has the following comments:

1. In watersheds 2E (pre-development) and 2P (post-development), there are 1.58 acres of dirt roads being removed according to the calculations. If this number represents the existing access road, the number appears to be too high however it may represent the gravel area around the Wood Storage that is to remain. See the attached aerial photograph of the area in question. It's unclear from the plans what is happening in this area outside of the fence. There's no gravel area shown in the post-development calculations.
2. This request for a clarification appears minor enough to warrant approving an Order of Conditions. The stormwater report complies with the relevant stormwater regulations otherwise.

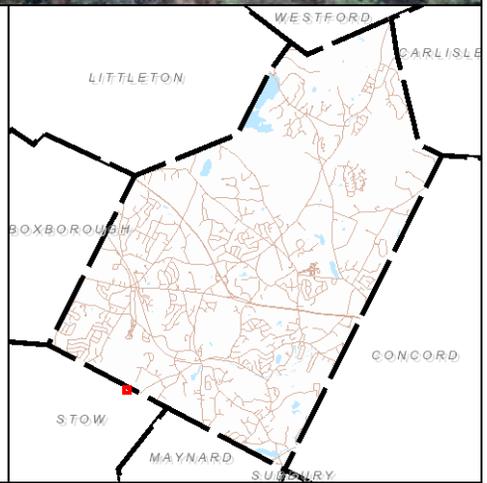

**Property Information**  
Property ID H1-6  
Location 127 STOW ST
