

UPPER BLACKSTONE WATER POLLUTION ABATEMENT DISTRICT

Engineer - Director / Treasurer Thomas K. Walsh, P.E.

INDUSTRIAL/COMMERCIAL HAULED WASTE PERMIT

Company: Acton Highway Department
14 Forest Road
Acton, MA 01720

Address
FacilityAddress:

UBWPAD

Permit Number: **#69**

Name of Applicant:
Telephone Number: 978-264-9624

Permit \$50.00
Disposal \$.052/gal

Authorization to discharge hauled industrial/commercial wastewater to the Upper Blackstone Water Pollution Abatement District wastewater treatment facilities is hereby granted in accordance with the following limitations, conditions, and requirements:

1. All wastewater accepted for treatment under this permit must comply with the general and specific prohibitions as specified in the Article III of the District's Sewer and Pretreatment Regulations which have been provided with this permit.
2. The discharge of any pollutant at a level in excess of that authorized by this permit shall constitute a violation of the terms and conditions of this permit. Any violation of pretreatment standards or requirements may result in the imposition of civil or criminal actions taken by the District with penalties levied up to \$10,000 per day for each violation.
3. Should the permittee discharge any substance which causes or contributes to a violation of any of the District's discharge or operating permits, whether or not such discharge was intentional, the permittee agrees that it will be liable for twice the amount of any penalty subsequently levied upon the District by any regulatory agency or court.
4. This permit may be modified, suspended, or revoked by the District during its term for any reason.
5. The permittee shall allow authorized District personnel to enter upon permittee's premise where a wastewater source is located to inspect, monitor, and take samples of the permitted wastewater.
6. Any sampling and analyses performed must conform to the methods specified in 40 CFR 403.
7. The permit is not transferable.

Description and location of wastewater source: vehicle runoff 8000 gallons/ 2 times a year

This permit expires on:
