Subject: Re: Dean Charter, VCC Recommendation

Charlie and Members of the VCC: I would like to recommend Bill Alesbury be appointed to the open full member seat on the CPC. Bill was previously vetted by the VCC and appointed to the Site Plan Special Permit Study Committee. Bill worked diligently with that Committee and contributed valuable ideas. He is recently retired and eager to volunteer with the Town. I had been speaking with Bill about the CPC before Dean submitted his application and before Peter Ashton resigned.

Please let me know if you think Bill should again interview with the VCC.

I also would like to recommend Dean Charter be appointed as an associate member of the CPC, based on your recommendation. I need to speak with Dean to see if he would accept that appointment or would rather serve as a full member on one of the other committees indicated on his VCC form.

I assume that, even though your Committee recommended that Dean be appointed to the CPC, it would be acceptable if I recommend him for appointment to one of his other preferences, if that is his wish? Please confirm.

Thanks.

Additional Information:

In my 34 years at Hewlett-Packard I served in a variety of roles involving financial controllership, business & operations planning, as well as competitive intelligence. During my 38 years as an Acton resident I have developed a deep appreciation for its history and the importance of preserving what earlier generations have left to us. One of my proudest efforts, beyond raising my three daughters, has been the near life-long task of restoring the family's 149 year old home on High St. Since now newly retired, I am interested in turning my time and skills towards giving back to the Town and to the generations that follow. The mission of The Community Preservation Committee fits perfectly with my personal and professional skills and passions.
