Re: Clivus composting toilets
Federated Women's Club State Forest
BRP WP 63 transmittal # X269425

Dear Mr. Nietupski,

The Department of Conservation and Recreation is submitting the enclosed plan(s) for the installation of one Clivus self-contained, transportable, gender neutral, ADA compliant restroom building. This building is to replace an older model Clivus self-contained restroom building at the same location and site. The location chosen is outside of all wetland resource areas and buffer zones. DCR plans to connect to sewer if and when it becomes available in the town of Petersham.

The comfort station is located at the Federated Women's Club State Forest, Route 122, Petersham, MA, 01366. The unit will be placed in the exact spot of the existing unit, and is outside the Zone One protection radius of all wells in the area.

Thank you for your prompt review. You may contact my office at 978-794-9400 if you have any questions.

Kind regards,

Lisa M. Truchon

Encl.
