Don,

In the past we have parked vehicles at the locations requested on Friday before the event and removed them on Monday during regular work hours. The highway department supplies 2 trucks and Dean supplies 1. This year, if the selectmen approve, I will ask Tom for a 4th vehicle for a location in East Acton.

Bruce:

We have supported this program in the past but I am not sure how much they are asking from us. Please consult with David and Dean for how much they are asking in terms of resources and manpower. Also, do they expect us to incur OT or is there a way we can station equipment for the weekend and pick it up on regular hours. Please advise if we expect to have additional expenses from OT, etc. in support of this program.

Tom:

I take it that you were copied because of the Conservation Commission inquiry. Please check it out.

Christine:

Please place on Selectmen's 4/7 Agenda.

Don

Once again, the Acton Conservation Trust is pleased to manage the Acton Clean Up Day. The draft TEXT for the poster announcing this annual event is shown below. Please take a look at it and let me know if you have any questions or concerns.

I would also like to ask the following:

1. Would the the Board of Selectmen be willing to vote in support of this event at your next meeting?
2. If approved, would the Conservation Commission also be willing to co-sponsor this event with ACT?

3. If approved, would town staff be able to confirm that trucks and/or dumpsters (as well as picnic tables) can be placed at each of the locations noted below? I know that East Acton is a new location and I would welcome your suggestions about where to specifically locate the truck.

Thank you. I look forward to hearing from you. Please do not hesitate to call me if you have questions or concerns.
