Kristen,
The easement is okay with us, just need to work out mutually agreeable language.

Hi Keith,

The sidewalk on the north side of the plaza, along Main Street weaves onto the Eden's private property and we were wondering if Eden's would consider offering a sidewalk easement for future maintenance. I am currently working on a draft decision for the Board's consideration and could include this in a finding.

Please let me know your thoughts.

Thank you,
Kristen
