RE:     Applicant:               Charles & Sara Weeks  
         Project Location:        895 Main Street  
         Project Description:     Septic System Replacement  
         DEP Wetlands File No.: 085-1062  
         NHESP Tracking No.: **11-29526**

Dear Commissioners & Applicant:

The applicant listed above has submitted a Notice of Intent with site plans (dated December 20, 2010, revised March 28, 2011) to the Natural Heritage & Endangered Species Program (NHESP) of the Massachusetts Division of Fisheries & Wildlife, in compliance with the rare wildlife species section of the Massachusetts Wetlands Protection Act Regulations (310 CMR 10.58(4)(b)).

#### MA WETLANDS PROTECTION ACT (WPA)

Based on a review of the information that was provided and the information that is currently contained in our database, the NHESP has determined that this project, as currently proposed, will **not** adversely affect the actual Resource Area Habitat of state-protected rare wildlife species. Therefore, it is our opinion that this project meets the state-listed species performance standard for the issuance of an Order of Conditions.

Please note that this determination addresses only the matter of **rare** wildlife habitat and does not pertain to other wildlife habitat issues that may be pertinent to the proposed project.

#### MA ENDANGERED SPECIES ACT (MESA)

Based on a review of the information that was provided, the NHESP has determined that this project, as currently proposed, appears to be exempt from MESA review pursuant to 321 CMR 10.14 . Any changes to the proposed project or any additional work beyond that provided may require a filing with the NHESP pursuant to the MESA regulations.

Please note that this determination addresses only the matter of state-listed species and their habitats. If you have any questions about this letter, please contact Amy Coman-Hoenig, Endangered Species Review Assistant, at (508) 389-6364.
