

Katie Green

My only report is that Franny and I attended the Noon Year's Eve celebration at the Senior Center. There was good food and great fun as we counted down to the New Year at noon!

That was it for me between our last meeting and Monday night! Hope you have a great New Year!

Janet K. Adachi

Finance Committee, Tuesday, 12/22 – Ms. Adachi provided update and fielded questions about proposed amended regional agreement, Acton Selectmen proposal at 1/4 meeting to call Special Town Meeting for 2/2 to vote on amended agreement, and proposed schedule for member-community approval of new-building financing proposal (Module 5); among FinComm concerns were possibility that MA Department of Elementary and Secondary Education would not approve amended agreement, possibility that numerous member-towns would opt to withdraw and District at some point might have to consider shutting down unless DESE stepped in, etc. Discussion of new Acton-Boxborough Regional District capital and space-planning committee, and recommendation that Doug Tindal and Jason Cole serve as members; Steve Noone, AB School Committee liaison, will ask whether voting on new committee will be proportional. FinComm chairman will collect questions about FY17 municipal budget and forward to Finance Department.

Franny Osman
