INTERDEPARTMENTAL COMMUNICATION

To: Planning Department

Date: May 15, 2014

From: Engineering Department

Subject: 50 Newtown Road – Proposed addition

We have reviewed the application for the proposed addition to 50 Newtown Road and have the following comments:

1. The proposed addition does not appear to be on any recorded easements.
2. The proposed work appears to fall outside of the flood zone.
3. It is unclear if the proposed addition requires a street cut permit. Any work done within the right-of-way of Newtown Road will require a permit.

If there are any additional questions or comments, please let us know.
