Re: Application for Special Permit  
Property Address: 164 Newtown, Acton, Massachusetts  
Assessor's Map D3, Block 13 (the "Property")  
Applicant: Omnipoint Communications, Inc., a wholly owned  
subsidiary of T-Mobile USA, Inc. (the "Applicant")

Dear Honorable Members of the Planning Board:

This office represents the Applicant in connection with the Application for Special Permit before the Town of Acton Planning Board (the "Board"). As I discussed with Roland Bartl, Town Planner, by this letter, the Applicant respectfully requests that its Application for Special Permit pending before the Board be withdrawn without prejudice. Due to a restructuring of priorities in the current network development, the Applicant has elected not to pursue this location at the present time.

Based on this request, we understand that the Applicant's representatives need not appear at the Board's hearing scheduled for January 23, 2007. Please contact me immediately if a representative will be required to attend the hearing.

Thank you for your consideration and attention to this matter.

Please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

Brian S. Grossman
