Hello!

Please see the attached agenda (also pasted below) for details on the next MAGIC meeting.

Additionally, please ensure that all people within your community are aware of MAGIC meetings and the appropriate designees are there (in addition to members). Given the requirements of the EPA Stormwater Phase 2 program, this presentation will be of interest not only to regular members of the subregion, but also local officials such as Public Works, Town Engineers, Town Planners, and Conservation Commissions.

Please respond to me if you CAN attend the meeting by September 4th so I can track anticipated attendance.

Thank you,
Kelley-Jaye

p.s. I do not think you will receive any faxes with the correspondence as the problem should be fixed. If you do, please let me know.
