Subject: Initial Street Acceptance Documents

The enclosed documents need to be signed by the Board of Selectmen on January 13, 2003. There are a total of three documents to sign. Signing these will start the street acceptance process for the 2003 Annual Town Meeting.

These documents concern the acceptance of Stacy's Way. This is a subdivision road that has been completed according to Planning Board Rules and Regulations. The following documents need to be signed:

1. NOTICE OF PUBLIC HEARING – This will be used to notify abutters and other interested parties of the public hearing that has been set for March 3, 2003.
2. NOTICE TO THE PLANNING BOARD – This is a notice the General Laws of Massachusetts requires the Selectmen to send to the Planning Board prior to accepting a road so the Planning Board will have an opportunity to comment on the merits of the acceptance. The Planning Board will respond with a brief written comment either recommending for or against the acceptance and stating the reasons.
3. THE DETERMINATION – This is a document we file with the Town Clerk, which is intended to put the public on notice concerning the upcoming acceptance. It is probably just a formality.

The Selectmen's signing of these documents on January 13, 2003 will just start the legal process; the merit of this acceptance can be discussed at the public hearing. If the Selectmen choose not to accept this way for any reason, they can decline to sign the Order of Layout we will be preparing in the next few weeks and this will prevent the Town Meeting from taking any further action.
