the work regulated by the above-referenced Order of Conditions has been satisfactorily completed.

the following portions of the work regulated by the above-referenced Order of Conditions have been satisfactorily completed (use additional paper if necessary).

the above-referenced Order of Conditions has lapsed and is therefore no longer valid, and the work regulated by it was never started.

WPA Form 8A – Request for Certificate of Compliance

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40
Town of Yarmouth Wetland By-law, Chapter 143

A. Project Information (cont.)

6. Did the Order of Conditions for this project, or the portion of the project subject to this request, contain an approval of any plans stamped by a registered professional engineer, architect, landscape architect, or land surveyor?

Yes

If yes, attach a written statement by such a professional certifying substantial compliance with the plans and describing what deviation, if any, exists from the plans approved in the Order.

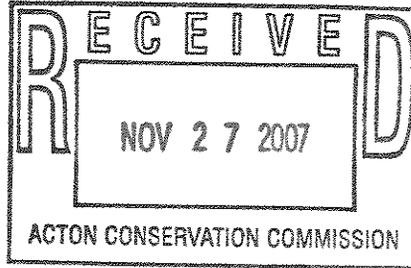

No

B. Submittal Requirements

Requests for Certificates of Compliance should be directed to the issuing authority that issued the final Order of Conditions (OOC). If the project received an OOC from the Conservation Commission, submit this request to that Commission. If the project was issued a Superseding Order of Conditions or was the subject of an Adjudicatory Hearing Final Decision, submit this request to the appropriate DEP Regional Office (see Appendix A).

RE: Request for Certificate of Compliance at Lot 2 Partridge Pond Road DEP File # 85-957

Dear Commissioners,

On behalf of our client, William & Raina Sturtz, we respectfully request the issuance of a Certificate of Compliance for work completed at Lot 2 Partridge Pond Road (DEP File No. 85-957). Enclosed please WPA Form 8A: Request for Certificate of Compliance.

Our office conducted a site inspection on November 26, 2007 and although our firm did not supervise every aspect of construction, the site appears to have been developed substantially in compliance with the Order of Conditions issued. Dwelling construction and site improvements were observed to have been completed substantially in compliance with the approved plan. All areas that were disturbed by construction activities were observed to be stabilized with vegetation (including requisite plantings); and the hay bale erosion control barrier had been removed from the site.

If you should have any questions regarding this request or require any additional information please feel free to contact our office.

Very Truly Yours,

 FORESITE Engineering Associates, Inc.
