

The purpose of the meeting is to review the progress of the Town-Wide Archaeological Reconnaissance Survey currently being conducted. At that meeting the Town's consultant, PAL, will present information on what has been done on the town wide survey so far. The Town invites any people interested in this work to come to the meeting. In addition, people are invited to bring in any Native American artifacts or information about historic sites (cellar holes/foundations, etc) in Acton that they may have. The artifacts can be identified and photographed and any new historic site locations can be recorded on a topographical map.
