Just a typo—condo buy-down program.

Also, Terra said that the VCC is interviewing Chris Dallmus tonight. We can vote him in on consent pending a favorable recommendation by VCC, which would accomplish him getting on to the Design Review Committee sooner rather than later, and also have him go through the VCC process. This is based on her report—she said you arranged it. Any info I should know to the contrary? I don't have his application and resume, but he used to be on our HDC and other members reported that he is an extremely gifted architect and worked well on the committees.

Lauren

*Due to the materials being with VCC, staff is not aware  
of the appropriate team dates*

See below. Yay!

Christine,

I'll send him the link to the webpage with the application...

A free architect to help developers... Yay!

Hopefully the application process will go smoothly.

Terra

Ann,

Tom Peterman suggested that I contact you regarding my interest in serving on the Town of Acton Design Review Board. As an Acton resident for over 17 years, I have been very disappointed with the town's inability to promote good, sound architectural design beyond the limits of the historic districts. It was refreshing to read, in the Beacon, of your board's participation in shaping the overall of design in the Kelley's Corner area. If the board is seeking new members, I would be delighted to be able to assist.

As background on me, I served on the Acton HDC from its inception for a period of 3 years. I am an architect with a small residential and light commercial design and historic preservation practice in Cambridge design-associates.com/

If the board is seeking new members, would you please let me know how I should proceed? Thanks. And thanks for taking on this mission. Acton sorely needs your board!

Sincerely,

Chris Dallmus
