Re: Equipment Donations

Date: Feb. 19, 2010

The Acton Council On Aging would like to donate 8 – 10 pieces of durable medical equipment stored in the Senior Center basement to IMEC America in Andover, the organization that the Acton Public Health Nursing Dept. is working with re: medical supplies for Haiti.

We have a surplus of some equipment and would like to donate some walkers, canes, etc. that could be utilized by persons recovering from surgery or with temporary or permanent disabilities.

Thank you.

**Jean Fleming
Director, Acton Council On Aging**
