**Subject: Review of Sign Special Permit – 144 Great Road – Powers Gallery**

---

The Engineering Department has reviewed the sign special permit for the Powers Gallery at 144 Great Road. Based on the proposed sign location as shown by the applicant, we do not foresee a problem with sight distance for drivers exiting the site. However, the proposed sign is shown in the same location as a drainage pipe. This drain pipe is part of their private on-site stormwater system. The applicant will need to be sure that this pipe is not damaged during the installation of the two (2) sign posts.
