Hi Margaret and Franny and fellow Members:

I'm emailing to notify you of my resignation from the TAC and the Acton 2020 Committees.

My need to resign is driven by out-of-state job reasons, and the fact that my time in Acton (and Massachusetts) will be limited to about half-time for most of 2011. It will be very challenging to attend meetings with the frequency I expect to be travelling during the work week(s) next year, and to do those assignments the right way.

[Right now, I expect to be in CT on a regular basis as well as the Baltimore-DC Metro areas for the consulting work I have secured.]

That being said, I'd love to stay on to Acton 2020 on a volunteer basis, and to participate in future workshops or community events as they are scheduled.

I've really enjoyed the work on Acton 2020 to date, and salute the members and staff for their diligence in starting to create a new Master Plan. Everyone has been great to work with. And Franny -- I wish TAC all the best for the upcoming year.

Thank you and Happy Holidays to all of you,

Dean
