Hello, Kim and the Planning Board,

I can't figure out how to access the information online, but let me just say I am very concerned about any proposed development next to Mount Hope Cemetery. The area that is flagged goes right along a trail that is used by people every day, year in year out. I walk there several days a week throughout the year, and it's a beautiful woodsy, wetlands area that connects with the other trails around back of the cemetery and over the bridge to Health Hen Meadow area. One day a bard owl looked down at me from one of the trees in the stretch now flagged.

In addition the cemetery itself is a lovely, quiet natural area that is used by many people for walking, teaching kids to ride their bikes, and other leisure activities.

It would be a shame to have all of this changed by putting in a road and houses right on top of the cemetery, and destroying the trails.

Thank you,

Eleanor Mathews
