Re: 895 Main Street, DEP 85-1062

Dear Commission Members,

The purpose of this letter is to inform you that the construction at 895 has been completed. Below are photographs detailing the area subject to the Order of Conditions issued under DEP 85-1062:

The site was visually inspected on July 23, 2012 and areas disturbed by the construction of the subsurface sewage disposal system were found to be in an erosion resistant state. Based on the enclosed As-Built Plan and visual observations of the site, it is my belief that the construction of the project has been completed in accordance with the Orders of Conditions. WPA Form 8A has been enclosed.

Please call should you have any questions or if you would like to meet to discuss this matter.

Very truly yours,

Mark T. Donohoe, PE

A. Project Information (cont.)

6. Did the Order of Conditions for this project, or the portion of the project subject to this request, contain an approval of any plans stamped by a registered professional engineer, architect, landscape architect, or land surveyor?

Yes If yes, attach a written statement by such a professional certifying substantial compliance with the plans and describing what deviation, if any, exists from the plans approved in the Order.

No

B. Submittal Requirements

Requests for Certificates of Compliance should be directed to the issuing authority that issued the final Order of Conditions (OOC). If the project received an OOC from the Conservation Commission, submit this request to that Commission. If the project was issued a Superseding Order of Conditions or was the subject of an Adjudicatory Hearing Final Decision, submit this request to the appropriate DEP Regional Office (see <http://www.mass.gov/dep/about/region/findyour.htm>).
