**Subject:** Review of an Application for a Special Permit, 533 Main Street, Sprint Spectrum L.P.

---

The Engineering Department has reviewed the Application for the Special permit, 533 Main Street, Sprint Spectrum L.P., and has the following comments:

- There is no existing easement on site.
- The proposed site is located outside the flood zone.
- The proposed site does not appear to require a street cut permit since no work will be done within the right-of-way.

If there are any additional questions or comments, please let us know.
