Manufacturing**

The Engineering Department has reviewed the Use Special Permit for 848 Main Street and has the following comments:

1. Based on the application, we assume that there are no change to the building footprint and the existing parking area that would impact the existing groundwater recharge and/or the drainage patterns on the site.
2. The applicant has not discussed the potential traffic impacts to the site, but this modification appears to be minor in nature and we do not foresee a problem.

We do not foresee an issue with granting this request.
