Pursuant to the authority of Chapter I - Hazardous Materials Control Bylaw - of the Town of Acton's General Bylaws, the Board of Health has considered your application and plans submitted therewith, and has determined that the materials to be stored, used or generated, are within the scope of the said bylaw. The Board of Health hereby orders that the following conditions are necessary and all storage, use or generation must be performed in strict conformance herewith:

Conditions:

1. All Hazardous Materials and Wastes shall be stored in a containment area capable of storing 110% of the largest unit volume stored in the containment area.
2. All Material Safety Data Sheets (MSDS) for the Hazardous Materials shall be stored on site, and shall be made available to all employees upon request and reviewed with all employees on a regular basis.
3. A Contingency Plan, including emergency contact numbers (Telephone Numbers of the owner, operator, etc.) and a sketch showing clearly all Hazardous Material and Waste locations, shall be submitted and updated annually, to the Board of Health, Fire Department, Police Department, and Civil Defense.
4. Emergency procedures and local Emergency Response Telephone Numbers (Health, Fire, Police, D.E.P., Civil Defense, etc.), should a spill occur, shall be posted in clear view of all employees wherever Hazardous Materials or Wastes are used or stored.
5. All Hazardous Wastes must be disposed of by a licensed, D.E.P. approved, hauler or be recycled on site.
6. Copies of either all invoices for any Hazardous Wastes, received or disposed, shall be submitted to the Board of Health annually.
7. All Hazardous Materials & Wastes Containers shall be labeled and dated when filling first began.
8. Speedy Dry, or its equivalent, shall be kept in the storage area, in case of a Hazardous Materials or Wastes spill.
9. No Hazardous Materials or Wastes shall be discharged into a sink or toilet.
10. The operation of this facility shall be in compliance with all present and future regulations of E.P.A. and D.E.P. at all times. Nothing in this permit allows or requires non-compliance with all present and future applicable laws or regulations of the Federal or State Governments.
11. All exterior above ground storage tank areas shall have secondary containment, as well as be protected from the elements and restricted access from the public.
12. The recycling containers shall be locked when not in use.
13. A site plan shall be submitted showing all locations of the recycling containers.
14. The storage area shall be cleaned and shall be kept free of clutter at all times.
