INTERDEPARTMENTAL COMMUNICATION

To: Planning Department

Date: August 14, 2014

From: Engineering Department

Subject: 42 Pope Road – Addition to the existing house

We have reviewed the application for the proposed addition to 42 Pope Road and have the following comments:

1. The proposed addition does not appear to be on any recorded easements.
2. The proposed work appears to fall outside of the flood zone.
3. It is unclear if the proposed addition requires a street cut permit. Any work done within the right-of-way of Pope Road and or Brabrook Road will require a street cut permit from the town.

If there are any additional questions or comments, please let us know.
