Subject: West Acton Sewer Project

Hello Mr. Campbell,

Thank you for taking the time to speak with me this morning. I would like to voice my support for the West Acton Sewer project. As a long time resident of Acton, I am familiar with the ongoing water quality issues of the Town, and in particular, the groundwater contamination issues and the environmental issued caused by the W.R. Grace site.

Please keep me informed about this project, including the approval dates and scope of work as they become available.

Thank you,

Robena G. Reid
