Hello Wendy. Yes right now West Road is being planned for the sewer area. We won't know the exact area unless we do a preliminary design but right now it looks like West Road is an important road to be included as part of the project.

There's a public forum tomorrow night at Town Hall at 7:00PM if you'd like to learn more information about the project. At Town Meeting, the Town will be asking for authorization to use existing funding to do the preliminary design. It's an important step in the process. If you have any more specific questions about the project please let me know. Thank you

Thank you,
Paul Campbell

Hi
I live on West Road? Would this be included in the project?
Thanks,
Wendy
