**RE: 70 Newtown Road - Request for Certificate of Compliance
DEP File No. 85-1014**

Dear Commissioners,

On behalf of our clients, Steven & Rachel Kelley, we respectfully request the issuance of a Certificate of Compliance for work completed at 70 Newtown Road (DEP File No. 85-1014). Attached please find WPA Form 8A: Request for Certificate of Compliance.

Our office conducted an as-built inspection on April 11, 2013, and, although our firm did not supervise every aspect of construction, the completed site appears to have been developed in compliance with the Order of Conditions issued. Limits of work and site improvements were observed to have been completed substantially in compliance with the approved plan. All areas that had been disturbed by construction activities were observed to be suitably stabilized with ground cover on the date of inspection.

If you should have any questions regarding this request or require any additional information please contact our office.

Very Truly Yours,

FORESITE Engineering Associates, Inc.
