Janet & Pat,

I hope you are both enjoying your summer. At our Summer Workshop on July 9th, the SC agreed to put together a subcommittee that would review the financial aspects and implications of Regionalization. We're trying to be as upfront and open about the process as possible and want input from both the BoS & FinComm. We envision that this subcommittee would meet quarterly to review financial reporting and issues being discussed that would have a financial impact on (or because of) regionalization. The committee would be made up of representatives of the BoS, FinComm & the SC. Members of Central Office, (i.e. Steve Mills & Don Aircardi) would also participate. Mike Coppolino will represent APS and Maria Neyland will represent Box.

My request is that you bring this up to your respective committee's and nominate 1 representative each to participate. This is a big year for the SC and we want the BoS' and FinComm's input into the process.

Please let me know if you have any questions. You can each let me know who will represent your committees and i'll take it from there.

Thanks,

Dennis P. Bruce
