Re: Post Office Crossing, Acton, Massachusetts

Dear Mr. Carloni:

I was able to see your email of January 21, 2014.

The said testing done for the Board of Health was filed with the Board, perhaps you could review the files at your office. I believe they were filed with Mr. Haley.

The soil tests done for stormwater management compliance are contained in our Stormwater Management Report.

Very truly yours,

John R. Keilty
