INTERDEPARTMENTAL COMMUNICATION

To: Planning Department

Date: August 12, 2014

From: Engineering Department

Subject: 54 Pope Road – Construction of a new house

We have reviewed the application for the proposed addition to 54 Pope Road and have the following comments:

1. The proposed addition does not appear to be on any recorded easements.
2. The proposed work appears to fall outside of the flood zone.
3. It is unclear if the proposed addition requires a street cut permit. Any work done within the right-of-way of Pope Road will require a street cut permit from the town.

If there are any additional questions or comments, please let us know.
