Mr. Charter, thanks for taking the time last week to discuss the landscaping of Brookside Shops. As we discussed, the winter took its toll on the boxwood shrubbery that was planted in the beds in front of the stores. In that we feel that the boxwood was not hardy enough to be in those beds we are going to replace them with inkberries.

We are also going to replace the London plane trees and the spruce trees that have died or are not doing well.

Thanks for your help and should you have any questions, please feel free to call.
