Prices from the 2014 Northeast Nursery catalog, and vendor we use.

Heritage River Birch, 8-10 high, \$145.00 wholesale, \$199.00 retail

Norway Spruce, 6-7 high, 145.00 wholesale, 199.00 retail

To figure planted cost, I take the retail price and multiply by a factor of 3 to cover transportation and installation so:

Birch: \$597.00 each

Spruce: \$597.00 each

I have attached a bond calculation I did for Scott a few weeks ago that shows the formula at work.

Regards,

Dean

Subject: Tree Cost estimate

Hi Dean,

Hope you are doing well.

Would you be able to provide us with an average cost for a 8-10' high/2" caliper size birch tree? And a 6-7' high spruce?

Thank you,
Kristen
