***INTERDEPARTMENTAL COMMUNICATION***

***To*: Board of Selectmen** ***Date:*** September 29, 2015

***From:*** **Engineering Department**

***Subject:*** **National Grid – Gas Main Petition – 121 Hayward Road – Hutchinson Way Subdivision**

---

We reviewed the petition from National Grid to install approximately 700 feet, more or less, of 4-inch gas main in Hayward Road from the existing 4-inch main at the intersection of Andrew Drive and Hayward easterly to 121 Hayward Road, then installing approximately 35 feet of 2-inch gas main northerly towards Hutchinson Way.

We recommend that if approved, construction should take place after March 15th. The Town of Acton has Winter Street Permit Regulations which allows for road opening work to occur between November 15th and March 15th. These regulations call for a $200 fee for the permit accompanied by a minimum $4500 cash bond, however National Grid's proposed work is far more extensive than what we typically allow during the winter season.

We do not foresee any problems with granting this petition with the requirement that construction occur either after March 15th or, in the event of an extended winter season, at a date approved by the DPW. If you have any questions, or need additional information, please let us know.

# PETITION OF NATIONAL GRID FOR GAS MAIN LOCATIONS

**Town of Acton / Board of Selectmen:**

The Nationalgrid hereby respectfully requests your consent to the locations of mains as hereinafter described for the transmission and distribution of gas in and under the following public streets, lanes, highways and places of the **Town of Acton** and of the pipes, valves, governors, manholes and other structures, fixtures and appurtenances designed or intended to protect or operate said mains and accomplish the objects of said Company; and the digging up and opening the ground to lay or place same:

**To install and maintain approximately 700 feet, more or less of 4 inch gas main in Hayward Rd., Acton. From the existing 4 inch gas main at Andrew Dr., easterly to the proposed 2 inch gas main at Hutchinson Way and approximately 35 feet, more or less of 2 inch gas main in Hutchinson Way from the proposed 4 inch gas main in Hayward Rd., northerly to serve Lots C, 1, 2 and 3.**

Date: **September 23, 2015**
