Hello
Mr. Steven Ledoux,

On behalf of all those affected by brain tumors in the Commonwealth of Massachusetts, I would like to ask that the Town of Acton proclaim May 2016 as Brain Tumor Awareness Month.

Not only is May internationally recognized as Brain Tumor Awareness Month and the National Brain Tumor Society, the largest USA nonprofit dedicated to the brain tumor community, is headquartered in Massachusetts, but the Boston Brain Tumor Bicycle Ride will ride through Acton on Sunday, May 15, 2016 to raise awareness across the eastern part of the Commonwealth.

Please find attached suggested language for the Proclamation declaring May 2016 as Brain Tumor Awareness Month in Acton, MA.
