

12. Drug & Alcohol Policy Statement

Alcohol, drugs and other illegal substance use in the workplace are detrimental to the health and safety of the users, other employees and other people on the job site. It contributes to increased absenteeism, tardiness, medical costs and decreased productivity. Additionally, substance abuse results in additional dangers involving equipment and property.

Geocomp/GeoTesting is committed to maintaining a safe work environment, free from intoxicants, illegal drugs and substance abuse. We believe that we have an obligation to take all necessary steps to provide a safe work environment, which is free from known hazards. Refer to Appendix E – Drug and Alcohol Policy.
