Regarding 31, 39 and 45 Martin Street

To Whom it Concerns:

The Historical Commission would submit the following regarding this property. The project was sent to us on Thursday, July 14th with a response requested in seven days. Due to the timing, we can not possibly set up a meeting since this is prime vacation time and the review will require intense study to ensure that we are covering our concerns.

That said, the structures at each address are on both the Town of Acton and the Massachusetts Historical Commission's Cultural Resource Lists.

Sincerely yours,

William Klauer
