Morrison Farm Committee
The Friends of Morrison Farm
Attn: Bill Mullin, Chair

Dear Mr. Mullin,

This letter is being voluntarily submitted to the Morrison Farm Committee and The Friends of Morrison Farm by the Acton Historic District Commission (HDC). Although the HDC has no statutory jurisdiction over this project, the HDC believes it is incumbent upon all town committees involved with preservation of the town's historic attributes to unite behind one of the central goals of Acton's 2020 Master Plan-preserving Acton's character. Towards this shared vision, the HDC is pleased to provide its endorsement of the Morrison Farm Committee's application for CPC funding of this project.

During the last few weeks, Committee member David Honn, one of the architects on the HDC, had the opportunity to review the "Morrison Farm Implementation Plan" and then discuss its overall objectives and intentions with the other HDC members at our recent committee meeting. Although there are always particular aspects of these types of plans that need further discussion and agreement as the project is developed, at this time, the HDC offers our support for CPC funding and looks forward to lending any future guidance or expertise from our committee members towards the successful design and construction of this project.

Good luck with your application.

Sincerely,

Kathy Acerbo-Bachmann
HDC Chair
